## DEEP RUN HUNT CLUB HAS GOOD RUN OVER HENRICO

Inclement Weather Does Not Interfere With Merry Chase After Hounds.

### BIG GALLERY SEES FINISH

Starting From Lakeside Gate, Riders Circle Around Country, Ending at Country Club Kennels—Horses Swim Several Cycles.

In spite of the inclement weather and the extremely heavy going, a large field gathered at the Lakeside gate for the weekly drag hunt of the Deep Run Hunt Club. The meet was scheduled for 10 o'clock, but was promptly at 11:30.

The thirteen couples were cast near Yellow Tavern, and quickly found the trail and set a very fast pace through the woods to the country club kennels, where the hunt was again encountered, much to the disgust of two riders, who proceeded to get a good wetting from the horses splashing in the water.

The course then led by through Housatonic, where the riders waited for a number of minutes, where the hunt was again encountered, much to the disgust of two riders, who proceeded to get a good wetting from the horses splashing in the water.

An important meeting of the managers of the central League has been called by President Volkmann, to be held at his residence, 204 West Marshall Street, on Wednesday night at 8 o'clock. ## "Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Death."

His Remedy and Book Sent Free.

Captain Collings called the seas for many years; then he sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctor after doctor and truss after truss. No results! Finally, he was assured that he must either submit to a dangerous and abortive operation or die. He did neither! He cured himself instead.

"Follow Men and Women, You Don't Have To Be Cut Up, and You Don't Have To Be Tortured By Trusses."

Captain Collings made a study of himself, of his condition—and at last he was rewarded by the finding of a method that so quickly made him a well, strong, vigorous and happy man. Anyone can use the same method! It's simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collings book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble. The book and medicine are FREE. They will be sent prepaid to any rupture sufferer who will fill out the below coupon. But send it right away—now—before you put down this paper.

## DOWN THE ALLEYS

The Greater Richmond League is proving a big success this season. A big improvement is made by the team and players, and new records are set each week.

The Nollies Top-Team still holds the honors for first position in the team standing, and Cook Printing Co. team ranks for high team total. In fact, all of the teams except the Nollies, which got a bad start, are bunched together, and the race for the pennant is one of the prettiest in the history of bowling in Richmond.

The Superior team, which is classed as one of the strongest in the league, sprung a big surprise on its followers last week, when they lost three in a row to the Newport team.

One of the most interesting series of the week was played Friday night by the Nollies Top-Team and Times-Dispatch teams. Both were out for blood, and the games were exciting from start to finish. The good work of Whitman is striking out in the last frame of the final game, was mainly responsible for their victory.

To give an idea what good work is being done by the players, twenty-three and forty-two of the individual players put up scores last week over the double century mark, which is making a fine showing for a league of its size.

President Frank Overmann has notified all team captains that all entry fees, together with a list of the players must be in the hands of Secretary H. W. McFarland by Tuesday night.

A meeting has been called by the executive committee and all captains at Tuesday night at 8 o'clock at the Newport Alley.

Rudd, McFarland, Brown and Whitman carried off the high individual honors for the week, while the Nollies Top-Team and Cook Printing Co. are gathering lead for team honors.

## Spring Time—Remember

### Is Blood Cleaning Time

Entire System is Clogged—Great Hordes of Germs Congest the Blood to Cause Pimples, Boils, Carbuncles, Eczema and Other Skin Diseases.

S. S. S. Gives You Backbone, Nerve Strength with Pure, Invigorated Blood.

If you feel thick-headed, legs a-weary, tired easily and feel utterly used up your blood needs a bath. It is astonishing how quickly you brace up after using S. S. S. After the long nights of winter have slowed you down, made your blood sluggish, and filled your system with the cramps, aches and acids of thick, stagnant blood you actually require the influence of S. S. S.

Rheumatism, catarrh, malaria, bronchitis, typhoid and all such blood-borne diseases cannot remain in a system washed and cleansed by the remarkable action of S. S. S. It is in the nature of a bath for your blood. It is not a "dope," not a "hyacinth," there is not a drop of harmful mineral drugs. It is a far better friend to your nerves than any "nervine" you can use because it is just as pure as the great, you would feel it every spring. The blood takes kindly to it, it does not bother your stomach but it does give you strength.

There is scarcely a drug store or general store anywhere but what keeps S. S. S. in stock. It is prepared in one of the world's best and largest laboratories and has maintained the health of a host of people who use it every spring, and fall because it gives them a feeling of renewed strength, puts the look of health in the eye and prints the flush with the ruddy glow of health.

The human body, like the habitation of man, is closed all winter and becomes clogged with stagnant impurities. In the spring nature attempts to overhaul the blood and thus we see pimples, boils, carbuncles and various skin afflictions breaking out to relieve the congestion within.

The remarkable manner in which S. S. S., the famous blood purifier, cleans the system is a most interesting study.

It sweeps its way into the blood stream; flushes every artery, vein and capillary; awakens functional activity and causes a wonderful animation throughout.

There is one ingredient in S. S. S. which serves the active purpose of stimulating the myriad of cells to the healthy and judicious selection of their own essential nutriment.

And if, from the presence of some disturbing poison a condition of eruptive disease is set up, S. S. S. so directs the action of the local cells that the poison is rejected and eliminated from their presence.

Thus, when the cells break down to cause the formation of carbuncles, S. S. S. so stimulates cellular activity that new and healthy materials are rapidly supplied and eruptions cease. The same is true of mucous inflammations, of acid acidities and all such influences which cause rheumatism
